STUDENTS FEEDBACK 2020-2021

MUTHAYAMMAL COLLEGE OF ARTS & SCIENCE, RASIPURAM

(A UNIT OF VANETRA GROUP)

Feedback about Curriculum (Students) - 2020-2021

A large number of students feel overloaded by traditional exam. So, they prefer online examination rather than offline examination. Almost all students have a feeling that E- Resources would be useful at the time of University Examination. Majority of students feel that online practical classes, to some extent, reduce their stress. A large percentage of students has given positive remarks on online materials. A bulk of students feels that soft skills should be enhanced. A small number of students feel dissatisfied with online internal examinations.
